

# Portable Power Tools

Chapter 296-807 WAC

## Index

Index

### A

#### Abrasive wheels

- angle grinders, 180-7-8
- blotters, 180-16-17
- construction, ANSI requirements, 180-4
- cup, cone and plug, 180-15
- definition, 180-1, 190-1
- exemptions, 180-1, 5, 11, 12, 16
- flanges
  - cup, cone or plug, 180-15
  - threaded hole, 180-15
  - type 1, 180-14
  - type 27A, 180-14
- guarding, 180-5-6
  - type 1, 180-7
  - type 6 and 11, 180-7
  - type 27, 28, 29, 180-8
- mounting, 180-10, **R**-20-21
- use, 180-9
- vertical grinders, 180-8

Airhose, compressed air tools, 140-3, 5

ANSI requirements, 140-6; 150-4; 6;  
160-3; 180-4

Attachments, compressed air tools, 140-3

### B

Belt sanding machines, **130**-2

Blocking, **170**-3

Blotters (see also abrasive wheels; flanges)

- definition, 190-1
- exemption, 180-16
- type 6 and 11 wheels (terrazzo), modified,  
180-17

### C

Chip guarding, compressed air tools, 140-4

Circular saw

- guarding requirements, table 2, 120-2
- switches, 120-2

#### Compressed air tools

- attachments, 140-3
- cleaning, 140-4
- connections, hose, 140-5
- construction, ANSI requirements, 140-6
- contact, 140-3
- exemptions, 140-6-7
- manufacturer's instruction, 140-3
- nailers and staplers, 140-8
- use, 140-7

Cone and plug wheels, 180-15; **R**-17

- definitions, 190-1

Construction, abrasive wheels, 180-4

Controls (see switches)

Cribbing, 170-3

Cutting-off wheels, 180-14

- definition, **190**-1

### D

Definitions, 190-1

### F

Flanges (see also abrasive wheels; blotters)

- exemptions, 180-11
- surfaces, 180-11-13
- threaded hole, 180-15
- type 1, cutting-off, 180-14
- type 27A, cutting-off, 180-14

Fueling, lawnmowers, 160-7

### H

Hydraulic jacks, 170-2

### J

Jacks

- inspection, 170-4
- labeling, rated loads, 170-2
- lifting loads, 170-2-3

# Portable Power Tools

Chapter 296-807 WAC

## Index

### L

#### Labeling

- jacks, 170-2
- lawnmowers, 160-4
- powder actuated fastening systems, 150-7

#### Lawnmowers

- construction, ANSI requirements, 160-3
- exemptions, 160-1, 7
- fueling and exhaust, 160-7
- guarding against burns, 160-4
- hazard assessment (note), 160-6, 8
- labeling, 160-4
- ride-on passengers, 160-8
- shutoff device, 160-4
- starting, 160-5
- use, 160-6
- walk-behind, footwear, 160-8

Limit of Travel, exceeding, 170-3

### M

#### Manufacturer's instruction

- compressed air tools, 140-3
- lawnmowers, 160-5-6
- powder actuated fastening systems, 150-10-11

### N

Nailers, 140-8

### P

PAFS (see powder actuated fastening systems)

#### Personnel Protective Equipment (PPE)

- compressed air tools, 140-7
- lawnmowers, walk-behind, 160-8
- powder actuated fastening systems, 150-5

Plane of rotation, abrasive wheels, 180-7-8

#### Powder actuated fastening systems

- appropriate to job, 150-9
- construction, ANSI requirements, 150-4, 6
- exemptions, 150-1, 10, 12
- fasteners, 150-11-12

Inspections and maintenance, 150-13

labeling, 150-7

loads

Identification and power levels, 150-8

powder, 150-9

operators, 150-4, 10

personal protective equipment (PPE), 150-5

signs, 150-5

storage, 150-14

use, 150-9-10

### R

Rated loads, jacks, labeling, 170-2

### S

Safeguarding, compressed air tools, 140-4

#### Safety guards

exemption, 180-5-6

mounting, 180-5

type 27, 28, and 29 wheels, 180-8

Sanding machines, belt, 130-1-2

Saws, see circular saws

Scope, 100-1

Side handles, 180-8

Staplers, 140-8

Switches, 110-1-3

### T

Terrazzo, 180-17

definition, 190-4

Threaded hole wheels, 180-15

definition, 190-4

### W

#### Wheels (abrasive)

definitions, 190-4-5

flanges, 180-11-15

Illustrations, R-8-21

safety guards, 180-5-8

types, 180-7-8, 14-17

(See also abrasive wheels)
